

How do I send my log file to SilentMonitoring.com

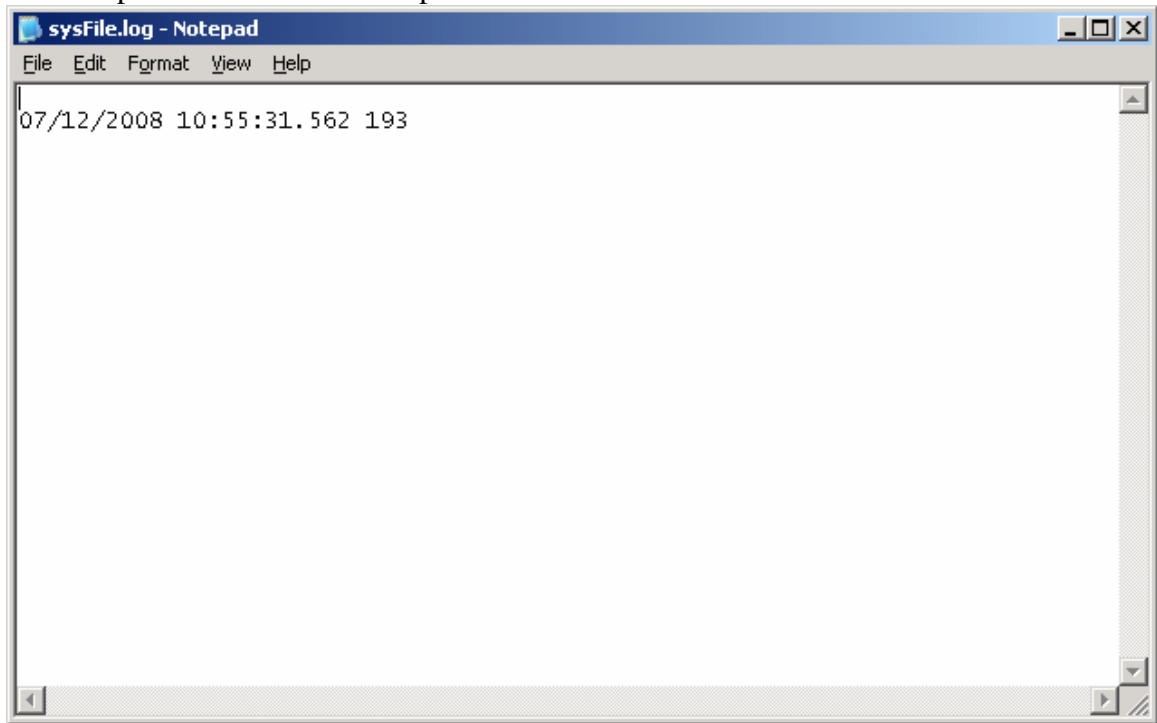

1. Open the administrator window by using your 4 keys combination

2. Press the "Log File" Button located in the lower part of the window

3. Notepad window will then open

4. Send the data to info@silentmonitoring.com
a. Send a File (recommended): Go to the File menu (Alt F), choose "save as" (Fig a.1) , use the name sysFile.log and save it on your desktop (fig a.2)

Fig a.2

Then use your email program to attach the sysFile.log to your email.

- b. Copy-Paste: Click the mouse anywhere inside the window, press Ctrl A to select all text, Press Ctrl C, to copy the data, open your email program then use Ctrl V to paste the information.

Good luck & Thank you.
